A United Approach with London & Capital - July 2019

Many Americans who live in the UK know that managing finances in two countries is not always straightforward. From filing taxes on both sides of the Atlantic to estate planning and everything in between – it can be a complex process. Buying a house may seem a routine exercise, but for Americans in the UK, there are several matters to consider.

In episode 3 of A United Approach, Richard Rogerson joins Robert Paul at London & Capital to discuss;

- Where the demand is coming from in the London property market at the moment
- What a US family buying a London Property needs to consider before pulling the trigger
- US and UK tax implications for selling or renting your property.
